

3 POINT AUGER

The 3 point auger makes quick, clean work of installing posts for fences, signs, and property projects. Built for strength and versatility, it delivers consistent hole placement and depth across a wide range of soil conditions. Compatible with Category I and II tractors from 18 to 100 horsepower, it features a heavy-duty gearbox and PTO driveline to power demanding jobs. Multiple boom adjustment points allow proper positioning, while the rigid tubular frame adds stability. Pair with optional augers to match hole size and get reliable results job after job.
