

FM SERIES FINISH MOWER

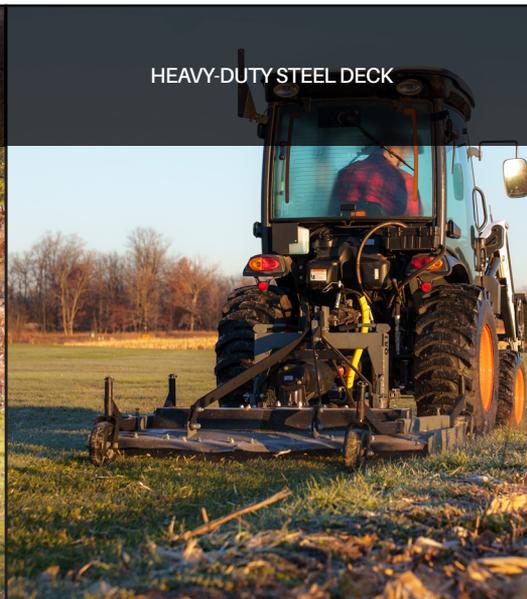

The FM Series Finish Mower delivers a clean, professional cut with consistent performance across uneven terrain. Designed for small acreage, estates, and property maintenance, it features a free-floating hitch system that follows ground contours to reduce scalping and produce an even finish. A heavy-duty steel deck and cast-iron gearbox provide long-term durability, while the rear discharge design ensures safe, efficient material flow. Built to handle routine lawn care and larger open areas with confidence, pass after pass.

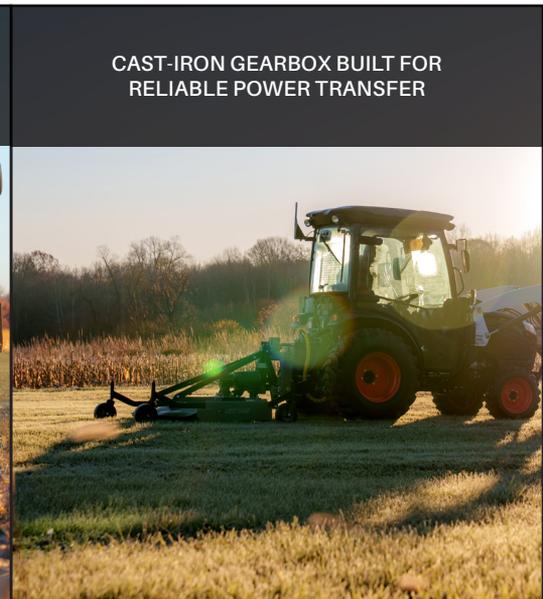

QUICK HITCH COMPATIBLE
